Description

This solid balm glides on the skin and melts into a light and refreshing formula that absorbs immediately to help soothe and refresh the skin. It's ideal to take on trips, festivals or as a staple in your gym bag.

And yes, it works for everything.

Ingredients

The Beauty Base

Ultra light functional substrate with smooth, matt and non greasy feel on the skin. A natural balm that melts on your skin.

Emollients

A balanced combination of natural silicone alternatives, palm-free / RSPO MB ingredients to deliver a unique texture.

Moisturizing complex

Is an "intelligent" active that combines and enhances the benefits of Crambe Oil with the bio-active effects of Phytosterols.

It offers an ultra-light texture and a matt and powdery finish.

Microbiota-Balancing Active

Enhances skin defensive barrier, reduces immune inflammation, restores normal skin-type and provides a balanced skin microbiota. The ideal solution for all delicate skin types!

The sustainable biotech (-)- α -bisabolol

Inspired from traditional medicines it has been recognised for its anti-inflammatory, antioxidant, mildly astringent and healing properties. Suitable to calm irritations of sensitive and reactive skin and scalp, it fortifies and soothes skin while restoring its comfort.

The phyto-botox

Discover the solution for skin nerves over-activation. It provides immediate relief from skin discomfort reducing itch, stinging and burning sensations.

How to use

Wipe it on clean skin whenever and wherever you want.
