

## ACNE REDUCER NIGHT CREAM

#NightGlow #AntiAcne #SmoothSkin #CleanSkin

Ref. E02-055-06

Formulation request

### Description

Are you tired of breaking out?

This cream could be your skin saver. Due to its exclusive formulation specialized in anti-acne, it allows you to show off smooth, firm and healthy hydrated skin.

**Your acne-friendly night cream!**

### Ingredients

High performance emulsifier

For light textures with soothing and moisturizing actions.

Vegetable alternative to Dimethicone

Nourishes and helps to repair and regenerate the skin.

Perfect adjuvant for acne treatment

Antioxidant, exfoliant and anti-inflammatory.

Upcycled moisturizing osmolyte, 100% natural

It moisturizes the skin through osmoprotection and by strengthening the skin barrier.

Mint-based Multifunctionality

With antimicrobial, refreshing and soothing properties. It refreshes and helps cure infections and itchiness.

Overcomes skin conditions

It is a must for anyone prone to acne, due to its exfoliating nature. Also has the ability to soothe stressed skin and reduce redness.

Encapsulated pigments

Microencapsulation technology.

### How to use

Apply a small portion to the acne spot before bed and let it do its effect.
