Ref. E24-044-06

[See the formulation](#)

Description

Tired of dealing with crow's feet everyday? This eye contour comes right in time to your rescue. A natural eye contour lifting effect that smooths away wrinkles and fine lines around the eye.

Your eyes will appear wide-open and younger-looking!

Ingredients

Soothing and moisturizing actions

Derived from vegetable source, it is a high performance emulsifier for light textures.

Natural agents

Acts as natural emulsifier, emollient, lubricant and conditioning agent.

Green Jellifying

100% natural origin, acting as a jellifying agent, which moisturises, hydrates, elasticises and firms the skin.

Thickener agent

Derived from the fermentation of glucose. Reduces the stringy behaviour and pseudoplasticity resultin in a novel and extremely soft sensory feeling.

Microcirculation booster

The energizing horse chestnut to boost microcirculation.

Anti-ageing mechanism

Active able to stimulate gene expression of youth genes involved in many ageing mechanisms, with relevance on major signs of facial ageing.

HA volume recovery

Vectorised hyaluronic acid to fill in wrinkles. Helps the skin to recover its volume and its fullness.

How to use

Apply a pump or half a pump of eye cream on your finger. Start just below the inner part of your eyebrow and moving sideways and upward along the orbital bond that surrounds your eye.
